

AIDS TO DAILY LIVING

AIDS TO DAILY LIVING PRODUCTS

There are a variety of objects to help with your day-to-day duties. Listed herein are items to aid with dressing and grooming, as well as other miscellaneous household helpers. Kitchen aids (i.e. tap turners, easy grip cutlery, eating and drinking appliances, kettle tippers, jar openers, key turners, etc) are also available.

Please call if you would like to enquire about any aids to daily living products. Our friendly staff would be happy to help you find the right appliance for you.

PRESSURE CARE BOOT

Has been designed for patients at risk of getting foot ulcers that may occur as a result of diabetes and foot swelling. Can be worn indoors and out. Open toe.

Sizes XXS, XS, S, M, L, XL

WRAP AROUND BOOT

Similar to the pressure care boot but the toes are enclosed and protected by sheepskin. Has Velcro straps for easy closure and rubber soles make it suitable for indoor and outdoor use.

Sizes XXS, XS, S, M, L, XL

TALL SLIPPER BOOT

Designed for patients with vascular problems and is suitable for patients with diabetes and at risk of developing leg ulcers.

Sizes XS, S, M, L

SLIP ON SLIPPER

Smart lightweight slipper. Ideal for indoors where protection, warmth and comfort are required.

Sizes S, M, L, XL

SHORT SLIPPER BOOT

Ideal for indoor use, and in bed, where the whole foot is at risk of ulcers. Large tongue and Velcro strap allows you to adjust for normal to swollen feet.

Sizes XS, S, M, L, XL

AIDS TO
DAILY LIVING

HEEL PROTECTOR

The sheepskin heel protector wraps around the heel and ankle with Velcro straps leaving the rest of the rest of the foot free. Provides support to the heel and warmth to the foot.
Sizes XS, S, M, L

ELBOW PROTECTOR

The elbow is a common point for pressure ulcers. As the elbow is a slow repairing point, the sheer comfort elbow protectors are designed to help in the healing process as well as protecting the elbow.
Sizes XS, S, M, L

CUSHION IT

Back and seat lambs wool cushion pads that provide extra pressure care and comfort for standard seating, wheelchairs and lounge chairs.

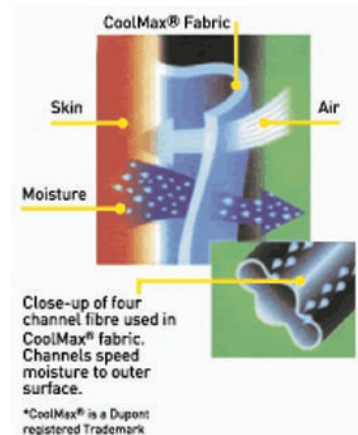

PRESSURE CARE ASSISTANT

Pressure Care is a 65cm x 20cm strip with lined sides that can be tucked in under the mattress. Pressure Care Assistant can be placed in the bed where areas are at risk of skin breakdown.

SKIN PROTECTA

Moisture transporting anti-friction tube with wrinkle-free fit. Designed to maintain skin integrity in the elderly and those suffering compromising skin conditions. Consists of a cushion loop construction made from a high-tech fibre called Coolmax.

WEDGES

Used for body re-positioning and elevation to provide pressure reduction and optimum support. Has non-slip base, is made from a combination of high density and memory foam, and has vapour permeable two-way stretch waterproof cover for patient comfort.
